

Attachment B

The source of the following data is from the annual statistical and cost report for Minnesota Medicaid certified nursing facilities submitted to the MN Department of Human Services (DHS). The 3 year average utility cost per resident day is derived from the reporting periods ending 9/30/2016 through 9/30/2018. This file contains facilities which do not have a utility cost per resident day reported. These may be newer facilities or hospital-attached facilities that do not directly identify utility costs for the nursing facility. This file is using "as reported" data as generally utility costs are not audited by DHS. This data is being provided only for the purpose of assisting facilities complete an application for the Nursing Facility Clean Energy Pilot Project.
